### **Lernende Agenten**

**Projekt Lernende Agenten** 

**Professor Neitzke** 

WS2015/2016

#### **Inhaltsverzeichnis**

Projektrahmen

- Maschinelles Lernen
  - Supervised Learning
  - Unsupervised Learning
  - Reinforcement Learning

### Projektrahmen

- 9 CP 6 Semester Wochen Stunden
- Keine Benotung
- Teamarbeit (~4 Studenten)
- Montag 08.15 14.00 Uhr
- 13 Termine
- Eigenes Projekt (fast) freie Wahl

#### **Maschinelles Lernen**

Supervised Learning

Unsupervised Learning

Reinforment Learning

### **Supervised Learning**

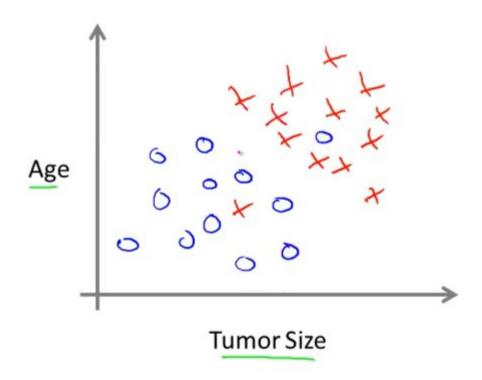

Datenset

"korrekte" Ergebnisse sind bekannt

 Lernalgorithmus versucht weitere Ergebnisse vorherzusagen

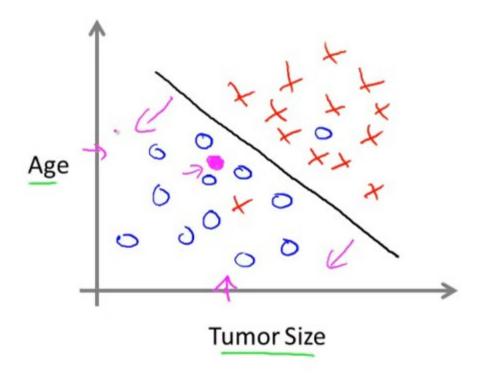

### **Supervised Learning - Example**

Tumorarten (o = Gutartig, x = bösartig)

# Supervised Learning - Example

• Tumorarten (o = Gutartig, x = bösartig)

## **Unsupervised Learning**

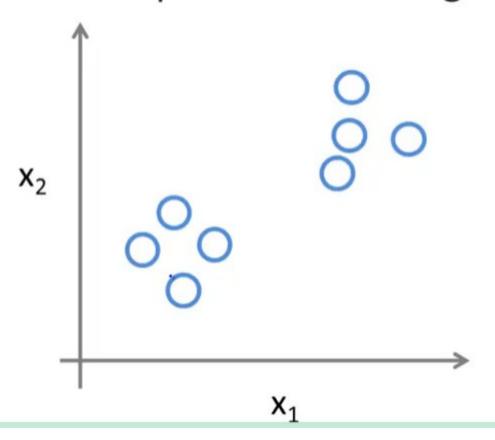

Datenset

Keine Ergebnisse bekannt

Ziel: Struktur finden (Clustering)

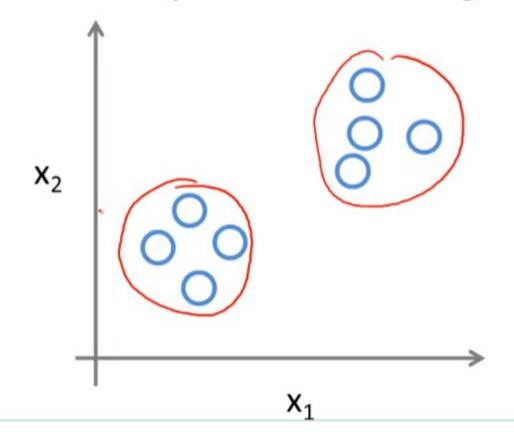

## **Unsupervised Learning - Example**

#### **Unsupervised Learning**

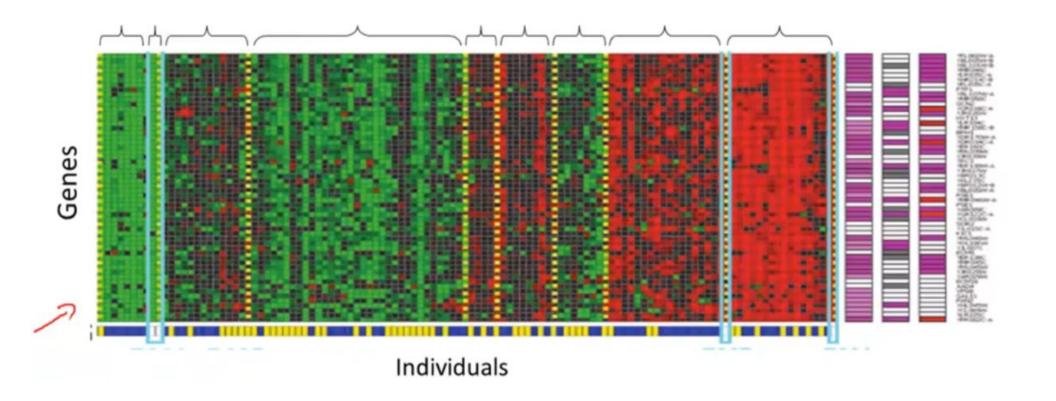

# **Unsupervised Learning - Example**

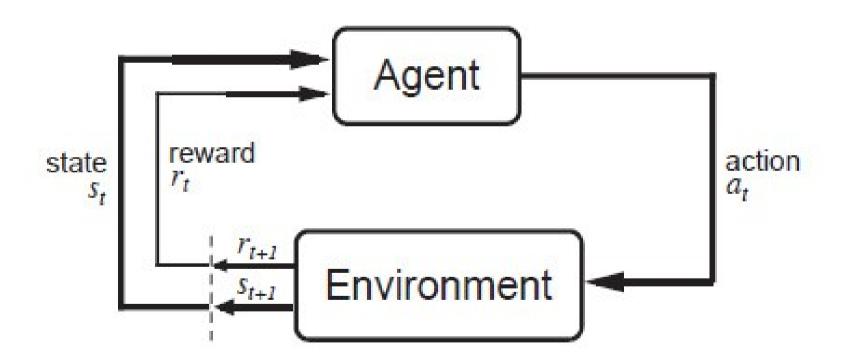

#### **Unsupervised Learning**

# **Unsupervised Learning - Example**

# **Reinforcement Learning**

## **Reinforcement - Examples**

Pacman
